Dad Joke Weather App

In this project, myself and two other developers sought out to create a simple, but humorous utility app using a free weather API.

- Deployed App: <https://luwylbab.github.io/Dadhumor-Incorporated/>
- GitHub Repo: <https://github.com/Luwylbab/Dadhumor-Incorporated>

Wishlist App

For this application, a group of developers and I were attempting to create a public wishlist app, with my focus being on the backend functionality.

- Deployed App: <https://giftpot-d834bfa62933.herokuapp.com/>
- GitHub Repo: <https://github.com/Luwylbab/Wishlist>

Tech Blog App

For this solo project, I set out to create an application that a user could create an account on, and then share their thoughts and opinions on web dev technologies.

- Deployed App: <https://luwylbab-tech-blog-f8fa230071a3.herokuapp.com/>
- GitHub Repo: <https://github.com/Luwylbab/Tech-Blog>
